

The 9/11 Prophecy: Startling Evidence the Endtimes Have Begun, 2013, 250 pages, James Fitzgerald, 1938067088, 9781938067082, Midpoint Trade Books Incorporated, 2013

"The 9/11 Prophecy" starts with the author's remarkable testimony that the Lord delivered His deliberate warning to New York City, 14 months before 9/11, that a surprise attack -- in a single hour -- would be a judgment on America for sin and a sign pointing to prophetic end-time events in chapter 18 of the book of Revelation. In July 2000, he recounts, God had sent him to a secular film festival at Madison Square Garden in the heart of New York City to release history's first complete production of "The Book of Revelation" as a prophetic warning at the Millennium. Yet, Fitzgerald and his team of witnesses were certain the dreadful attack must already be "determined." By then, they had devoted years to "The WatchWORD Bible" project to help reach a media generation with God's Word on video in a whole new way. Yet they knew no one in the world's media capital would be listening to God's warning through His Word, even though He spoke in the same media language it understood. While in the city for three days, they could only pray over and over that in the midst of judgment, God would remember mercy. When this very attack struck New York City in the first year of the new millennium, 9/11 was an amazing reflection of God's future judgment upon the great city of Babylon as foretold in Revelation -- just as Fitzgerald had been led to believe. And there was further confirmation. Incredibly, the site of the attack -- Ground Zero -- had been owned by his wife's direct ancestors at the founding of New York City by the Dutch, and portions had remained in the Dey family for almost a century. He was astonished: Not only had the Lord led him to foresee the surprise attack through His Word and providence, but when it occurred it struck upon the same land her ancestors had owned over three centuries before! This was the same land, including St. Paul's Chapel, that also figured so prominently in "The Harbinger" by Jonathan Cahn and its video documentary, "The Isaiah 9:10 Judgment." And contrary to what some critics claimed, 9/11 truly fit the Isaiah 9:10 pattern, as "The 9/11 Prophecy" further proves beyond doubt. In fact, one of the chief arguments that 9/11 didn't fit the Isaiah pattern is that New York City had no prior warning. But it did! "The 9/11 Prophecy" demonstrates this with powerful, irrefutable evidence -- "The Lord sent a word ..." (Isaiah 9:8). Even more importantly, 9/11 has a startling connection to the Second Coming of Christ that is also directly related to the Isaiah passage (Isaiah 9:1-7). "I believe Scripture reveals America is destined to fall in this generation," says the author, "and our loss of power is precisely what will pave the way for an Islamic Antichrist to reign. Though the Church generally fails to recognize where we are in the biblical timeline, and those who do may lack the facts to prove it, I aim to prove beyond a doubt that the final end-time countdown began with God's prophetic judgment on September 11, 2001." Striking with such shocking intensity in the first year of the New Millennium, 9/11 had proved to be a further sign, and soon that was clear from the events that followed. This attack by Islamic jihadists was God's terrible catalyst to begin the end-time judgments before our eyes. This audacious attack had set in motion two of the Bible's most critical end-time prophecies -- which "The 9/11 Prophecy" proves through Scripture, history and amazing current events. It demonstrates how 9/11 specifically commenced the biblical end-time generation that Jesus foretold on Mt. Olivet. In particular, the events of 9/11 literally started that unique season Jesus called the beginning of sorrows, a period of history thought by many to be too vague ever to be recognizable. But you will be amazed at the concrete answers you discover and their astonishing connection to "The Four Horsemen of the Apocalypse" judgments in Revelation. With amazement, you will even see how the famed rider on the white horse in Revelation has already ridden before our eyes, and we do not recognize what God is doing in fulfillment of Scripture. You will also come to see that the United States plays a major hidden role, that will surprise many, in at least two key end-time prophecies. This single chapter is worth the book alone. But, Scripture

makes clear the United States is destined to fall in this generation through failed leadership and judgment to pave the way for Antichrist. Even now the rider on the fiery red horse prepares to start World War III, and when it is over, America will no longer be the world's superpower, just as Scripture teaches. Islam is destined to exercise worldwide dominion as the religion of Antichrist, who must now be alive on earth to be of age to appear in his proper time. As this extraordinary book makes unmistakably clear, the world has embarked on that biblical generation in which the Lord Jesus will return to rapture His Church for eternity.
