

The Assessment of Functional Living SkillsTM: An Assessment, Skills Tracking System, and Curriculum Guide for Skills that are Essential for Independence, James W. Partington, Michael M. Mueller, Partington Behavior Analysts

"The AFLS is comprised of The AFLS Guide and three unique assessment protocols that assess functional, practical, and essential skills of everyday life. Although each assessment protocol can be used as a standalone assessment, we conceptualize all protocols as being different modules of an extended assessment that exists on a continuum spanning throughout a learner's life in home, school, and community settings. Each module is different yet each is connected by unifying themes and overarching goals for maximizing a learner's freedom, independence, and opportunities. Bundle multiple modules and customize the perfect assessment for your setting and situation"--Publisher's website.
